

**REMARKS**

Applicant expresses appreciation to the Examiner for consideration of the subject patent application. This amendment is in response to a telephone conference with Examiner Tran on April 29, 2005. Applicant has amended claim 1 to delete reference to emitters as a claim element. Accordingly, this claim now reads on the elected embodiment of Figure 4. Claim 20 is withdrawn without prejudice as a non-elected claim with respect to Figure 4. Claims 21-31 were previously withdrawn.

The application and claims 1 - 19 are now prepared for examination.

**CONCLUSION**

In light of the above, Applicant respectfully submits that pending claims 1-19 are now in condition for allowance. Therefore, Applicant requests that the rejections and objections be withdrawn, and that the claims be allowed and passed to issue. If any impediment to the allowance of these claims remains after entry of this Amendment, the Examiner is strongly encouraged to call Vaughn W. North at (801) 566-6633 so that such matters may be resolved as expeditiously as possible.

The Commissioner is hereby authorized to charge any additional fee or to credit any overpayment in connection with this Amendment to Deposit Account No. 08-2025.

DATED this 29<sup>th</sup> day of April, 2005.

Respectfully submitted,
